Hi, my name is Rose López and I attend Middletown Adult Education located in Middletown, CT. My son and I are part of the Even Start program (a really wonderful program for us parents). I really wish that this program would continue to be funded for future parents. I have learned a lot from this program, I have learned that a healthy diet is important, reading is vital to intellectual growth, and have expand my boundaries and my knowledge. My son is in a safe place with people who care and love him. He is a special boy and he is treated like the other children in the class room and they cooperate with the Birth to Three workers and help him progress.

I hope that our voices are heard and considered. Please, keep this program that has helped a lot of parents to graduate from high school, learn English, get their GED and more .

Sincerely With all my heart,

Rose Lopez
